WILL NOT CLOSE DOWN THE MINES DURING NEGOTIATIONS

Effort will be Made to Keep Them in Operation After April 1.

DECLARATION OF LEWIS

Resolution Presented to Convention by the National Miners President.

"We demand an increase in wages in each and every mining district in the country; that all districts are authorized and instructed to negotiate wage agreements, but no district shall sign a contract until all wage contracts are negotiated and that all mines shall continue working after April and continue working until wage contracts are finally negotiated, provided that the present rates continue until final action is taken."

This is the declaration made by Thomas L. Lewis, president of the United Mine Workers; on the wage question in a resolution presented by him to the convention at Indianapolis yesterday.

It was referred to the resolution committee and will no doubt be the platform on which the diggers will stand in making their settlements next month. It means that one district will not have advantage over another and that work will continue for a reasonable length of time until a settlement is made.

Shower for Bride-Elect

The home of John Maines of Washington avenue was the scene of much merriment last evening, when 50 member of Branch No. 782 of the L. C. B. A. assembled to surprise Miss Cecelia Shields, a member of the Branch, whose marriage to Mr. J. J. Massieux of Monessen will be an event of the very near future. A linen shower was planned and many beautiful pieces of that material were presented to the bride-to-be. The evening was spent in euchre, and vocal and instrumental music. A delicious lunch was served by Mrs. Daniel Shields the mother of the bride-to-be, being assisted by her three daughters, Mrs. Thomas McCue, Miss Nellie and Miss Sarah Shields, and Mrs. John Maines.

Appointed Viewers

W. G. Bowan, John H. Fry and John Shannon have been appointed to pass upon a proposed change of road in Fallowfield township. The road in question begins at a point about 1,300 feet southwest of the forks of the road.

Baseball Meeting Called Thursday

Officers will be Elected to Serve During the Ensuing Year.

President Fred Clerihue of the Church Baseball league, has called a meeting of representatives of the six clubs that composed the league last year at the Sunday school rooms of the Lutheran church tonight. They will meet at 7 o'clock and make arrangements for the organizing for the coming season. It is expected that offiers will be elected and rules and regulations formulated.

The marked success of the church leaguelast season has aroused increased interest in the league, and indications point to a most successful year in Charleroi in amateur baseball.

MONONGAHELA CASE IS STILL BEFORE COURT

Plaintiffs in Light Embroglio File Amendment to Original Bill.

The Monongahela light embroglio has been opened again in court. Yesterday counsel for the plaintiffs, Henry Elliott and others, filed an amendment to their original bill. They add this paragraph, which raises a new point:

"The said writing purporting to be in pursuance of said alleged ordinance is ultra vires for the reason that it attempts to give the West Penn Electric company powers not authorized by said alleged ordinance to it, rights upon the streets and alleys of said city, which added powers are not authorized by any valid ordinance of said Monongahela City and further said contract is illegal and void as it is now signed by the mayor of said city."

The court handed down an opinion in this suit on October 29, 1909, in which he decided for the city. To this exceptions were filed. It was during the arguments on the exceptions that the new point arose and the plaintiffs were given permission to attend their bill.

G. P. Baker of the Washington bar and McKee, Mitchells and Alter of Pittsburg, represent the plaintiffs.

Pittsburg Coal Dividend

The dividend on the preferred stock of the Pittsburg Coal company, declared a few weeks ago, will be paid today. It is the first in over four years and amounts to 1 1-4 per cent. Nothing official has come from the company, but general opinion leans to the belief that all is running smoothly, and that nothing extraordinary will develop at the coming annual meeting of the stockholders to be held in March when, it is thought, the present officers will be endorsed.

Second Subscription Dance

Tonight the second of a series of subscription dances will be held by a club of young men of Charleroi in the Bank Hall. The first dance of the series was held shortly after Christmas.

BIG POPULARITY CONTEST IS CAUSING GREAT ENTHUSIASM

Inquiries are Coming in by Every Mail. What Do You Know About the Contest? Heard on Every Hand

People of Charleroi Stirred Over the Sensational Offer Made by the Mail and Mirror

"Hello, is this the Mail Publishing Co. office? I want to speak to the contest manager."

Ever since last night's paper was off the press the 'phones have been kept busy with people anxious to learn all about the great popularity contest.

Charleroi has had other contests, but never was anything offered which would compare with what The Mail and Mirror are willing to pay to learn who are the popular people in this part of the State.

This morning's mail brought in scores of inquiries, and many calling in person. The people of this vicinity seem to realize the value of an early start, and the generous offer of one thousand votes which goes with every nomination coupon. Only one of these coupons may be used by a candidate, but the voting coupons printed yesterday and good for ten votes may be voted without limit. However the value of these free coupons appearing daily in the Mail will be gradually reduced until they are good for only one vote. Hence the value of voting the early coupons.

Come in and get a book at once, secure an early start, get your friends pledged to your support and see how really easy it is to make your score grow daily. Save every coupon appearing in each issue, you will need them for yourself or a friend.

Papers will not be sold for the purpose of clipping coupons. Any subscriber who receives a paper from which the coupon has been clipped is requested to report immediately to this office as we intend to give an equal chance to everyone, and any irregularities or deviations from the printed rules will not be tolerated.

CONDITIONS OF CONTEST.

1. Any respectable man or woman residing in the district described will be eligible to compete. Candidates may enter until the last day of the race.

2. The Contest Manager reserves the right to reject any candidate's name.

3. Votes are allowed on subscriptions amounting to One Dollar or more, paid in advance, and by coupons that are run in the paper.

4. No votes are sold outright.

5. Votes are not transferable.

Candidates dropping out will lose their votes.

6. The Contest Editor reserves the privilege of changing the rules should it be found that a change will benefit the majority of the candidates. No employe of The Mail Publishing Co. or member of his or her family will be allowed to enter this contest.

7. Subscriptions and inquiries regarding the contest should be made to the Contest Manager at The Mail Publishing Co.'s business office.

8. Candidates may get votes from any place whatsoever, it not being required that they get votes from their district exclusively. Votes are allowed on subscriptions sent to any address.

9. The Contest Editor reserves the right to interpret the rules of the contest and to settle any differences that may arise.

10. In case of a tie, the value of the prizes will be equally divided or a like prize granted to those tieing.

11. The Mail Publishing company reserves the right to consolidate two or more districts should the leaders in one of the districts have less than 25,000 votes to their credit when the contest is half over. The same number of prizes will be awarded in the consolidated district as were to be given in two or more districts which were consolidated, in the same manner as other district prizes are awarded.

MINORITY AUDITOR TILTON FILES ANSWER IN COURT

Avers That He Believes the Controller Act is Unconstitutional.

HIS REFUSAL TO ACT

Not a Violation of Legal Duty But According to Lawful Advice.

Clark R. Tilton, minority auditor for Washington county, filed his answer in court yesterday to the rule issued upon him to show cause why he should not proceed with the auditing of the accounts of the county for the nine months preceding October 1, 1909 or otherwise why his position as county auditor should not be declared vacant and some one be appointed to fill the vacancy.

His answer includes many of the allegations and averements that Mr. Tilton sets forth in his contest of the controller act and the right of John H. Moffitt to act as controller. Again Mr. Tilton avers that he has been advised and believes that the act under which Mr. Moffitt was chosen controller is unconstitutional. He avers that his refusal to act is not a violation of his legal duty, but is within his rights and in accordance with what he is advised and believes is the law, and that the office is not vacant and he has no intention of vacating the office.

Mr. Tilton avers he was duly elected auditor, peformed his duties for the year 1908, together with the other auditors, met and organized in January of this year with the other auditors, and was ready and willing to go ahead with his duties. Upon demanding the books for the year, though he says he was refused the same, except for the nine months preceeding October, 1909. He refused to accept them for this length of time, upon advice from counsel. He claims that John H. Moffitt has usurped and is usurping upon the commonwealth, in acting and claiming to act as controller under color of said act of assembly.

Tramp Comet Makes Appearance

Unexpectedly Makes Its Appearance In Western Heavens.

Sunday evening J. T. Crow and several other persons saw the comet that has unexpectedly appeared in the western heavens. This phenomenon was also discovered for the first time that same night in this locality by astronomers in Pittsburg. Its appearance is surprise. Mr. Crow says that it has a tail apparently 150 feet or more in length, and presents a most beautiful appearance. This comet is not one of the regular visitors with well defined pathway like Halley's but is of the tramp variety and whence it comes from no one knows.

Mr. Crow looked for the comet last night, but was unable to see it on acccount of the cloudy atmosphere that prevalied. It is on the western horizon, near where the sunsets.

Inspecting Orchards

It may not be generally known by farmers of this community that the State maintains a corps of expert orchard inspectors. These number a about twenty and their duties consist of visiting the orchard of the various counties to detect the pests that infest them and to instruct the owners to combat and destroy these pests, thereby increasing the output and quality of their fruit. These inspectors are under the division of Zoology of the Pennsylvania Department of Agriculture.

The report of the investigations of these inspectors show the presence of pest in the orchards of nearly all the counties to an alarming extent. The most dangerous of these are the San Jose Scale, the Oyster Shell Scale and the Surfy Scale. The scale pests have been found to be more numerous than the insect pests among which are the Coding Moth, the Woolly Aphis, the Tent a Caterpillar, and Canker Worm. It is the presence of these pests which has greatly damaged the fruit crop in this section and is accountable for the inferior grades that are in the market.

All of these pests can be successfully combatted or destroyed and the State this fall, with the assistance of the Pennsylvania Railroad company ran a special train through various sections to demonstrate spraying and other methods of protecting and improving orchards. This scientific knowledge is available to every fruit grower in this locality, who can get the benefit of it by communicating with the Department of Zoology at Harrisburg.

Spread of the Food Boycott

"The sudden growth and remarkable extent of the popular uprising against high food prices give the movement all the aspects of a social revolution," says the New York World.

"Notable characteristics of the uprising are its astonishing vigor and vitality under the impetus given to it by organized labor. Thirteen States--Ohio, Indian, Illinois, Kansas, Iowa, Nebraska, Wisconsin, Michigan, Missouri, Pennsylvania, Maryland, Connecticut, Delaware—have now joined in the campaign.

"A formidable army of insurgents is already in the field in the Middle West, where families by tens of thousands have taken the pledge to abstain from meat. In Illniois a great host will begin an anti-meat campaign on March 1 under the direction of the Federation of Labor. Though the boycott is primarily a labor movement it has appealed to all consumers regardless of class.

"Its seriousness is further evidenced by the attention Governors, Congressmen, Cardianal and public men generally are giving to the arbitrarily increased cost of living and by its discussion in a Presidential message. But the public is in no mood to wait for legislative relief. It has taken up the question at first and is applying the remedy direct.

"What part the tariff has to do with the elevation of food prices and to what extent it is due to the utilization by manufacturers and dealers of cold storage facilities to maitain them at an artificial level will perhaps be determined as a result of the agitation which is now attaining national proportions. In that case the theory will come after the fact, following the expected reduction of prices by direct methods of attack and of the immediate effect of which a hint is given in the lower prices in Cleveland."

A Beneficent Organization

Attention is called to the annual report of the Plate Glass Workers Beneficial Association published elsewhere in this issue. The association is a local concern organized for mutual benefit by the workers of the Pittsburg Plate Glass company, in which fraternal and social features have been co-operatively administered with striking success. It is one of the few examples of successful co-operation on the part of working people in this immediate community.

This association, broadly-speaking, gives to its beneficial members free medical attendance and medicine for themselves and families. free access to a handsome and commodious clubhouse equipped with a comfortable reading room, billiard and pool tables, and a splendid library, the best perhaps in all the upper Monongahela valley. All of this is furnished for the payment of one dollar monthly. In case of a death in the family of a beneficial member a funeral benefit is paid by a small assesment on each of the members.

This association is not confined to the employes of the Plate Glass company. It is open to any person of good character who can be elected by ballot. The only restriction is that only employes of this company are privileged to hold office or vote on amendments to the by-law. Persons may become associate members by the payment of fifty cents a month. This entitles them to the privileges of the club rooms and library but does not include medical attendance. Another feature to commend this organization is that it is the only temperance men's club house in the town. It is quite probable that if all the benefits of this organization were better appreciated more people would take advantage of it. It is decidedly to their advantage to do so.

Atkins

The funeral of Charles Atkins, 42 years old, of Monongahela, who died on last Saturday at the Western Pennsylvania Hospital at Pittsburg, was held from Bebout's Undertaking rooms at Monongahela yesterday afternoon at 2 o'clock, with interment following in the Monongahela cemetery. Mr. Atkins has been an invalid for a number of years. He was a well known resident of Monongahela. He is survived by four brothers: William H. of Charleroi; Mansell of Kittanning, George of Elizabeth and Newton of Monongahela; also two sisters, Miss Hallie in the Deaconess home at St. Louis, and Louise of Pittsburg.

A Wonderful Discovery which Practically Eliminates the Dangers of Catarrh or Diseases which Originate with Catarrh.

(From the Paterson, N. J. Guardian.)

Ninety-four per cent of all the diseases with which the human system is afflicted, originate or turn into catarrh; assuring himself of this fact, Dr. Barker gave the matter of catarrh his entire time and study and after several years of the most thorough research for a remedy which would positively cure catarrh in any form he prepared a prescription which he used in his private practice without a single failure of any case of catarrh he treated. After a considerable amount of persuassion he consented to put the prescription up in convenient form, so that sufferers from this terrible disease could purchase the treatment at a nominal cost. The prescription will be found in most any drug store in the United States under the label Bloodine. In a recent introductory sale in the city of New York more than 20,000 bottles were sold in a single week.

I am so confident that Bloodine will cure anyone afflictied with catarrh that I will gladly supply to any patient a positive guarantee to cure or money will be as cheerfully refunded as it is taken. If your druggist does not keep Bloodine you can be supplied by The Bloodine Laboratories, Boston, Mass., at 50c a bottle or six bottles for $2.50 Weltner's Pharmacy, special agent, Charleroi, Pa.

For several years we have announced, with our recommendation, that we had found a positive cure for eczema; a simple skin wash, oil of wintergreen compounded with other healing ingredients.

Yet we know there are people right in this town who have eczema, and still have never tried this remedy.

We have, therefore, arranged with the D. D. D. Laboratories of Chicago for a special offer of a trial bottle at 25 cents instead of the $1.00 bottle as regularly sold.

We offer this trial bottle with our recommendation and assurance that just as soon as the patient washes his itching skin, this mild liquid will take the itch away instantly.

WILL NOT CLOSE DOWN THE MINES DURING NEGOTIATIONS

Effort will be Made to Keep Them in Operation After April 1.

DECLARATION OF LEWIS

Resolution Presented to Convention by the National Miners President.

"We demand an increase in wages in each and every mining district in the country; that all districts are authorized and instructed to negotiate wage agreements, but no district shall sign a contract until all wage contracts are negotiated and that all mines shall continue working after April and continue working until wage contracts are finally negotiated, provided that the present rates continue until final action is taken."

This is the declaration made by Thomas L. Lewis, president of the United Mine Workers; on the wage question in a resolution presented by him to the convention at Indianapolis yesterday.

It was referred to the resolution committee and will no doubt be the platform on which the diggers will stand in making their settlements next month. It means that one district will not have advantage over another and that work will continue for a reasonable length of time until a settlement is made.

Shower for Bride-Elect

The home of John Maines of Washington avenue was the scene of much merriment last evening, when 50 member of Branch No. 782 of the L. C. B. A linen shower was planned and many beautiful pieces of that material were presented to the bride-to-be. The evening was spent in euchre and vocal and instrumental music. A delicious lunch was served by Mrs. Daniel Shields the mother of the bride-to-be, being assisted by her three daughters, Mrs. Thomas McCue, Miss Nellie and Miss Sarah Shields, and Mrs. John Maines.

Baseball Meeting Called Thursday

Officers will be Elected to Serve During the Ensuing Year.

President Fred Cleribue of the Church Baseball league, has called a meeting of representatives of the six clubs that composed the league last year at the Sunday school rooms of the Lutheran church tonight. They will meet at 7 o'clock and make arrangements for the organizing for the coming season. It is expected that offiers will be elected and rules and regulations formulated.

The marked success of the church leaguelast season has aroused increased interest in the league, and indications point to a most successful year in Charleroi in amateur baseball.

MONONGAHELA CASE IS STILL BEFORE COURT

Plaintiffs in Light Embroglio File Amendment to Original Bill.

The Monongahela light embroglio has been opened again in court. Yesterday counsel for the plaintiffs, Henry Elliott and others, filed an amendment to their original bill. They add this paragraph, which raises a new point:

"The said writing purporting to be in pursuance of said alleged ordinance is ultra vires for the reason that it attempts to give the West Penn Electric company powers not authorized by said alleged ordinance to it, rights upon the streets and alleys of said city, which added powers are not authorized by any valid ordinance of said Monongahela City and further said contract is illegal and void as it is now signed by the mayor of said city."

The court handed down an opinion in this suit on October 29, 1909, in which he decided for the city. To this exceptions were filed. It was during the arguments on the exceptions that the new point arose and the plaintiffs were given permission to attend their bill.

G. P. Baker of the Washington bar and McKee, Mitchells and Alter of Pittsburg, represent the plaintiffs.

Pittsburg Coal Dividend

The dividend on the preferred stock of the Pittsburg Coal company, declared a few weeks ago, will be paid today. It is the first in over four years and amounts to 1 1-4-per cent. Nothing official has come from the company, but general opinion leans to the belief that all is running smoothly, and that nothing extraordinary will develop at the coming annual meeting of the stockholders to be held in March when, it is thought, the present officers will be endorsed.

Second Subscription Dance

Tonight the second of a series of subscription dances will be held by a club of young men of Charleroi in the Bank Hall. The first dance of the series was held shortly after Christmas.

BIG POPULARITY CONTEST IS CAUSING GREAT ENTHUSIASM

Inquiries are Coming in by Every Mail. What Do You Know About the Contest? Heard on Every Hand

People of Charleroi Stirred Over the Sensational Offer Made by the Mail and Mirror

"Hello, is this the Mail Publishing Co. office? I want to speak to the contest manager."

Ever since last night's paper was off the press the 'phones have been kept busy with people anxious to learn all about the great popularity contest.

Charleroi has had other contests, but never was anything offered which would compare with what The Mail and Mirror are willing to pay to learn who are the popular people in this part of the State.

This morning's mail brought in scores of inquiries, and many calling in person. The people of this vicinity seem to realize the value of an early start, and the generous offer of one thousand votes which goes with every nomination coupon. Only one of these coupons may be used by a candidate, but the voting coupons printed yesterday and good for ten votes may be voted without limit. However the value of these free coupons appearing daily in the Mail will be gradually reduced until they are good for only one vote. Hence the value of voting the early coupons.

Come in and get a book at once, secure an early start, get your friends pledged to your support and see how really easy it is to make your score grow daily. Save every coupon appearing in each issue, you will need them for yourself or a friend.

Papers will not be sold for the purpose of clipping coupons. Any subscriber who receives a paper from which the coupon has been clipped is requested to report immediately to this office as we intend to give an equal chance to everyone, and any irregularities or deviations from the printed rules will not be tolerated.

Tramp Comet Makes Appearance

Unexpectedly Makes Its Appearance In Western Heavens.

Sunday evening J. T. Crow and several other persons saw the comet that has unexpectedly appeared in the western heavens. This phenomenon was also discovered for the first time that same night in this locality by astronomers in Pittsburg. Its appearance is surprise. Mr. Crow says that it has a tail apparently 150 feet or more in length, and presents a most beautiful appearance. This comet is not one of the regular visitors with well defined pathway like Halley's but is of the tramp variety and whence it comes from no one knows.

Mr. Crow looked for the comet last night, but was unable to see it on acccount of the cloudy atmosphere that prevalied. It is on the western horizon, near where the sunsets.

Avers That He Believes the Controller Act is Unconstitutional.

HIS REFUSAL TO ACT

Not a Violation of Legal Duty But According to Lawful Advice.

Clark R. Tilton, minority auditor for Washington county, filed his answer in court yesterday to the rule issued upon him to show cause why he should not proceed with the auditing of the accounts of the county for the nine months preceding October 1, 1909 or otherwise why his position as county auditor should not be declared vacant and some one be appointed to fill the vacancy.

His answer includes many of the allegations and averements that Mr. Tilton sets forth in his contest of the controller act and the right of John H. Moffitt to act as controller. Again Mr. Tilton avers that he has been advised and believes that the act under which Mr. Moffitt was chosen controller is unconstitutional. He avers that his refusal to act is not a violation of his legal duty, but is within his rights and in accordance with what he is advised and believes is the law, and that the office is not vacant and he has no intention of vacating the office.

Mr. Tilton avers he was duly elected auditor, peformed his duties for the year 1908, together with the other auditors, met and organized in January of this year with the other auditors, and was ready and willing to go ahead with his duties. Upon demanding the books for the year, though he says he was refused the same, except for the nine months preceeding October, 1909. He refused to accept them for this length of time, upon advice from counsel. He claims that John H. Moffitt has usurped and is usurping upon the commonwealth, in acting and claiming to act as controller under color of said act of assembly.

Inspecting Orchards

It may not be generally known by farmers of this community that the State maintains a corps of expert orchard inspectors. These number a about twenty and their duties consist of visiting the orchard of the various counties to detect the pests that infest them and to instruct the owners to combat and destroy these pests, thereby increasing the output and quality of their fruit. These inspectors are under the division of Zoology of the Pennsylvania Department of Agriculture.

The report of the investigations of these inspectors show the presence of pest in the orchards of nearly all the counties to an alarming extent. The most dangerous of these are the San Jose Scale, the Oyster Shell Scale and the Surfy Scale. The scale pests have been found to be more numerous than the insect pests among which are the Coding Moth, the Woolly Aphis, the Tent a Caterpillar, and Canker Worm. It is the presence of these pests which has greatly damaged the fruit crop in this section and is accountable for the inferior grades that are in the market.

All of these pests can be successfully combatted or destroyed and the State this fall, with the assistance of the Pennsylvania Railroad company ran a special train through various sections to demonstrate spraying and other methods of protecting and improving orchards. This scientific knowledge is available to every fruit grower in this locality, who can get the benefit of it by communicating with the Department of Zoology at Harrisburg.

Spread of the Food Boycott

"The sudden growth and remarkable extent of the popular uprising against high food prices give the movement all the aspects of a social revolution," says the New York World.

"Notable characteristics of the uprising are its astonishing vigor and vitality under the impetus given to it by organized labor. Thirteen States--Ohio, Indian, Illinois, Kansas, Iowa, Nebraska, Wisconsin, Michigan, Missouri, Pennsylvania, Maryland, Connecticut, Delaware—have now joined in the campaign.

"A formidable army of insurgents is already in the field in the Middle West, where families by tens of thousands have taken the pledge to abstain from meat. In Illinois a great host will begin an anti-meat campaign on March 1 under the direction of the Federation of Labor. Though the boycott is primarily a labor movement it has appealed to all consumers regardless of class.

"Its seriousness is further evidenced by the attention Governors, Congressmen, Cardianal and public men generally are giving to the arbitrarily increased cost of living and by its discussion in a Presidential message. But the public is in no mood to wait for legislative relief. It has taken up the question at first and is applying the remedy direct.

"What part the tariff has to do with the elevation of food prices and to what extent it is due to the utilization by manufacturers and dealers of cold storage facilities to maitain them at an artificial level will perhaps be determined as a result of the agitation which is now attaining national proportions. In that case the theory will come after the fact, following the expected reduction of prices by direct methods of attack and of the immediate effect of which a hint is given in the lower prices in Cleveland."

A Beneficent Organization

Attention is called to the annual report of the Plate Glass Workers Beneficial Association published elsewhere in this issue. The association is a local concern organized for mutual benefit by the workers of the Pittsburg Plate Glass company, in which fraternal and social features have been co operatively administered with striking success. It is one of the few examples of successful co-operation on the part of working people in this immediate community.

This association, broadly speaking, gives to its beneficial members free medical attendance and medicine for themselves and families, free access to a handsome and commodious clubhouse equipped with a comfortable reading room, billiard and pool tables, and a splendid library, the best perhaps in all the upper Monongahela valley. All of this is furnished for the payment of one dollar monthly. In case of a death in the family of a benencial member a funeral benefit is paid by a small assesment on each of the members.

This association is not confined to [illegible] company. It is open to any person of good character who can be elected by ballot. The only restriction is that only employes of this company are privileged to hold office or vote on amendments to the by-law. Persons may become associate members by the payment of fifty cents a month. This entitles them to the privileges of the club rooms and library but does not include medical attendance. Another feature to commend this organization is that it is the only temperance men's club house in the town. It is quite probable that if all the benefits of this organization were better appreciated more people would take advantage of it. It is decidedly to their advantage to do so.

A Wonderful Discovery which Practically Eliminates the Dangers of Catarrh or Diseases which Originate with Catarrh.

(From the Paterson, N. J. Guardian.)

Ninety-four per cent of all the diseases with which the human system is afflicted, originate or turn into catarrh; assuring himself of this fact, Dr. Barker gave the matter of catarrh his entire time and study and after several years of the most thorough research for a remedy which would positively cure catarrh in any form he prepared a prescription which he used in his private practice without a single failure of any case of catarrh he treated. After a considerable amount of persuassion he consented to put the prescription up in convenient form, so that sufferers from this terrible disease could purchase the treatment at a nominal cost. The prescription will be found in most any drug store in the United States under the label Bloodine. In a recent introductory sale in the city of New York more than 20,000 bottles were sold in a single week.

I am so confident that Bloodine will cure anyone afflicted with catarrh that I will gladly supply to any patient a positive guarantee to cure or money will be as cheerfully refunded as it is taken. If your druggist does not keep Bloodine you can be supplied by The Bloodine Laboratories, Boston, Mass., at 50c a bottle or six bottles for $2.50 Weltner's Pharmacy, special agent, Charleroi, Pa.

CURES REMOVE DOUBT ABOUT ECZEMA CURE

Read What Your Druggist Says About Oil of Wintergreen

For several years we have announced, with our recommendation, that we had found a positive cure for eczema; a simple skin wash, oil of wintergreen compounded with other healing ingredients.

Yet we know there are people right in this town who have eczema, and still have never tried this remedy.

We have, therefore, arranged with the D. D. D. Laboratories of Chicago for a special offer of a trial bottle at 25 cents instead of the $1.00 bottle as regularly sold.

We offer this trial bottle with our recommendation and assurance that just as soon as the patient washes his itching skin, this mild liquid will take the itch away instantly.
